STORMWATER DISCHARGE PERMIT APPLICATION

**Table 3: Inventory of Applicant Owned or Operated Facilities and
storm water structural controls with a discharge of Stormwater to surface waters of the state.**

Applicant Owned/ Operated Facility	Address or Parcel ID of Facility	Potential to discharge pollutants to surface waters of the state.	Catch basins	Detention basins	Oil/water separators	Pump Stations	Secondary containment	Constructed wetlands	Infiltration basins and trenches	Porous pavement	Rain gardens	Underground storage vaults or tanks	Vegetated swales	Other structural storm water controls – Provide a description below:
Public works yard	1510 E. Pierson Rd.	High	8											
Salt storage facilities	140 Industrial Dr.	Low	0											
Fire Station	723 E. Main St.	Low	3											
Senior Center	120 N. Maple St.	Low	1											
Library	220 Boman St.	Low	2											
Waste Water Treatment Plant	140 Industrial Dr.	High	0											

The original document was submitted on MIEnviro on 3/21/2025.

Updated 4/9/2026: The colored text indicates an edit.

- The City has moved the DPW from 226 S. McKinley Rd. to 1510 E. Pierson. S McKinley is now used for interior storage, so the priority has been changed from High to Low.
- The City has moved the library from 120 N. Maple to 220 Boman St. N. Maple is now used for a senior center.
